

Wallet

In the **Wallet** section, the guide sees a summary of the amounts they have to receive and what they are generated from. There is a *Comments* tab, for positive reviews from tourists in booking systems; there is an *Overtime* tab, where overtime is calculated, if any. There is a *Commissions* tab, which adds any commissions for recommended additional services or tours. The system also allows a bonus scheme for *bilingual* tours, accordingly the guide who has conducted such tours receives a bonus.
